## PROFILE

Creative full stack web developer with a strong foundation in software engineering and programming principles across multiple platforms. Dedicated to constantly expanding my skillset and excelling in everything that I undertake.

## SKILLS

- Ruby
- C++
- JavaScript
- Algorithms
- HTML 5
- CSS
- Bootstrap
- JQuery
- GitHub
- Heroku
- Debugging
- Leadership
- Vector Graphics
- RSpec
- Photoshop

## EDUCATION

### JavaScript Circuit | General Assembly

JUN 2018 – PRESENT

- Coded weekly JavaScript programs that simulate interactive user experiences, while working one-on-one with mentors to make JavaScript code both dynamic and efficient.

### Certificate in Web Development | CareerFoundry

MAR 2018 – JUL 2018

- Dedicated 400+ hours to CareerFoundry's bootcamp course in Web Development working alongside with industry-leading mentors to strengthen full stack development skills with Ruby on Rails, HTML and JavaScript.

### B.S. Computer Science | CUNY York College

2013 – 2017

- Completed coursework in comp. architecture, data structures, operating systems, assembly language, automata, object oriented programming, and computer graphics.

## EXPERIENCE

### Software Development Intern | USDA - United States Department of Agriculture

JUN 2017 – SEPT 2017

- Gained experience in object-oriented programming; developing, testing and debugging code, by shadowing different people involved in the development lifecycle during the development of software that computerized the APHIS (Animal and Plant Health Inspection Services) permitting process.

- Worked alongside project managers and programmers to make sure that databases of containment facilities and animal taxonomy were effectively represented in software.

## ACTIVITIES

### York College Coding Club | York College

2016-2017

- Member of York College Coding Club

### Secretary of Muslim Students Association | York College

2015 – 2017

- Worked alongside board to coordinate interfaith events and oversee fundraising projects.
